Part I
APPLICATION

I believe that OSAZE OSAGIE

(PERSON'S NAME)

is severely mentally disabled: (Check and complete all applicable for this patient)

A person is severely mentally disabled when, as a result of mental illness, his/her capacity to exercise self-control, judgment and discretion in the conduct of his/her affairs and social relations or to care for his/her own personal needs is so lessened that he/she poses a clear and present danger of harm to others or to himself or herself.

☐ Clear and present danger to others shall be shown by establishing that within the past 30 days the person has inflicted or attempted to inflict serious bodily harm on another and that there is reasonable probability that such conduct will be repeated. A clear and present danger of harm to others may be demonstrated by proof that the person has made threats of harm and has committed acts in furtherance of the threat to commit harm; or

Clear and present danger to himself shall be shown by establishing that within the past 30 days;

☐ (i) the person has acted in such manner as to evidence that he/she would be unable, without care, supervision and the continued assistance of others, to satisfy his/her need for nourishment, personal or medical care, shelter, or self-protection and safety, and that there is reasonable probability that death, serious bodily injury or serious physical debilitation would ensue within 30 days unless adequate treatment were afforded under the act; or

☒ (ii) the person has attempted suicide and that there is reasonable probability of suicide unless adequate treatment is afforded under this act. For the purpose of this subsection, a clear and present danger may be demonstrated by the proof that the person has made threats to commit suicide and has committed acts which are in furtherance of the threat to commit suicide; or

☐ (iii) the person has substantially mutilated himself/herself or attempted to mutilate himself/herself substantially and that there is the reasonable probability or mutilation unless adequate treatment is afforded under this act. For the purposes of this subsection, a clear and present danger shall be established by proof that the person has made threats to commit mutilation and has committed acts which are in furtherance of the threat to commit mutilation.

Describe in detail the specific behavior within the last 30 days which supports your belief (include location, date and time whenever possible, and state who observed the behavior):

Osaze has been acting erratically for about two weeks, the way he typically acts when he is off his medication. Today he sent me a very long incoherent text threatening to kill himself and hurt others. He cut off the call I had with him, ended the call by saying that he was going to die

I understand that I may be required to testify at a court hearing concerning the information I gave.

On the basis of the information I gave above, I believe that OSAZE OSAGIE

Hey, Please tell Rich Auman what he will probably assume when he gets word about what is about to happen a little while from now. Tell him I will not be able to attend any more of our appointments. Well, I cannot say anything other than my life was mysterious, unpredictable and search-filled while it lasted. Although the police hid the secret reason, I have run into trouble with them before for the very reason I am about to run into trouble with them again in a little bit. The detective's hidden reason for getting me in trouble in the past was because of my love for God and my love for his creation. Remember what God considers his version of love; it's in Matt. 7:12. And don't forget, once anyone tries to seek God's love in this country, he becomes an enemy to the state. It's amazing how I was ever released after telling the judge I was

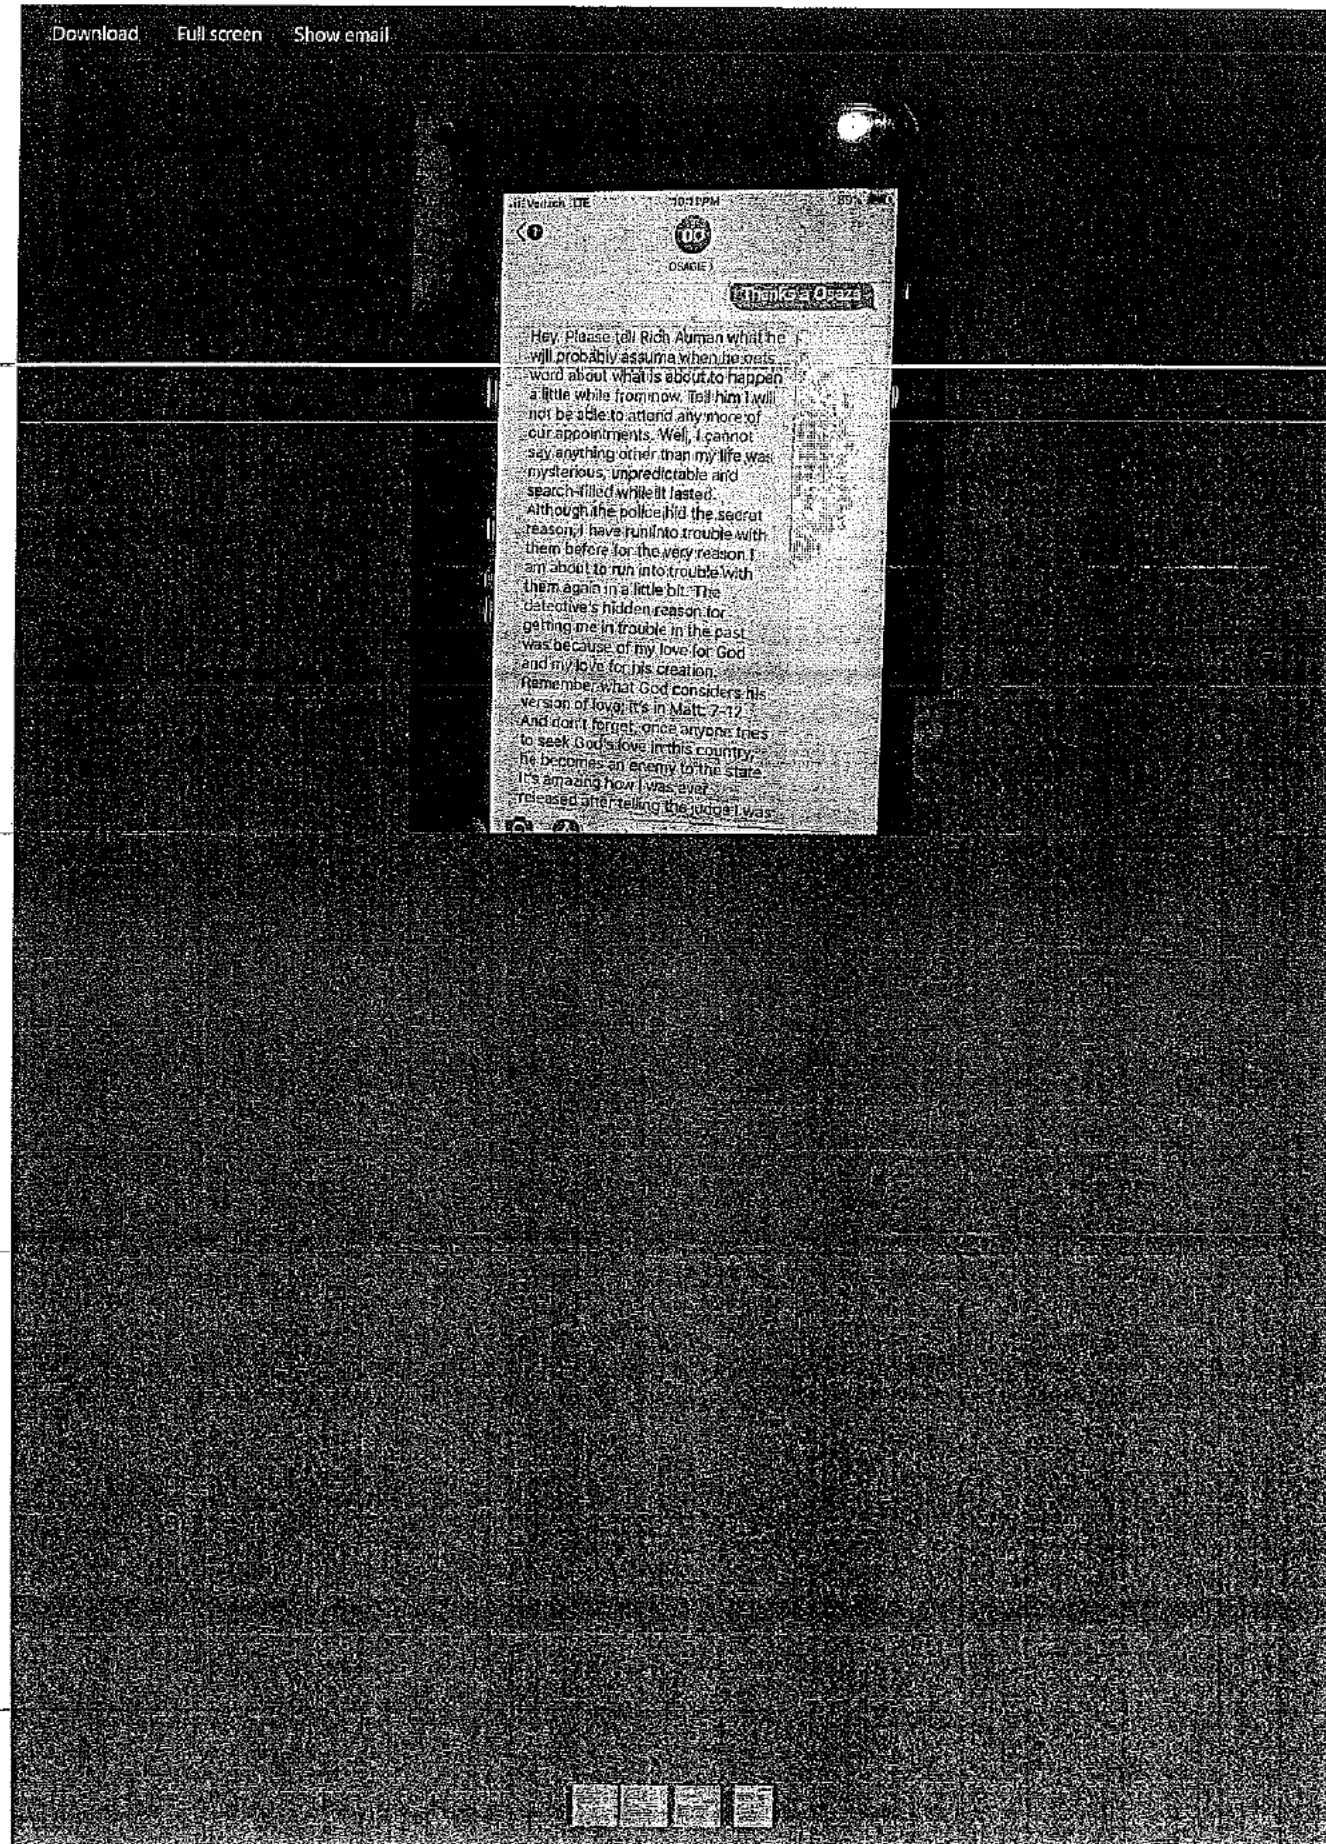

that they are going to be wiped out by any herdsmen pests living or roaming among them. I relate myself to them, and I relate the United States government to east Asia's God-hating oppressor, a bloodthirsty tyrant who is so thirsty for blood he might as well be Winnie the Pooh on the search for honey. If my mission is successful, I die for my God today, my dying wish and hopefully my final words to you is that you if you truly cared about anything concerning me, you would not host any funeral, or have any gathering. Any poor soul whose life I take today, if any poor soul at all, may God forgive his sins if he has any. And I pray there is no friendly fire. Let's see how much time I have left before finding out what life after death is really about.

it's amazing how I was ever released after telling the judge I was not even sorry for my zealous attempts to seek God's love for this world the first time at the park. Goodness, that public defender must have been one of the best. Do not try to intervene in any way. Shoot, God is dead in this country, and soon I hopefully will be dead also. My fast-approaching deep sleep will result from a struggle between God and evil; a conflict between creationism and every evil spirit that denies the reality of a intelligent supreme guider of the laws of nature, and a battle between the citizens of the U.S. and the American government. I wonder if the Bachama youth people group I heard about on the media really exists. If so, I might be able to say that if they are going to be wiped out by any herdsmen pests living or roaming among them, I relate myself to them, and I relate the United States government to east Asia's God-hating
